The New Rutland High School

The 115,000 square foot facility opened its doors to 900 students on Sept. 1, 1994.

Official dedication ceremonies were held on Oct. 8, 1994

104th ANNUAL REPORT

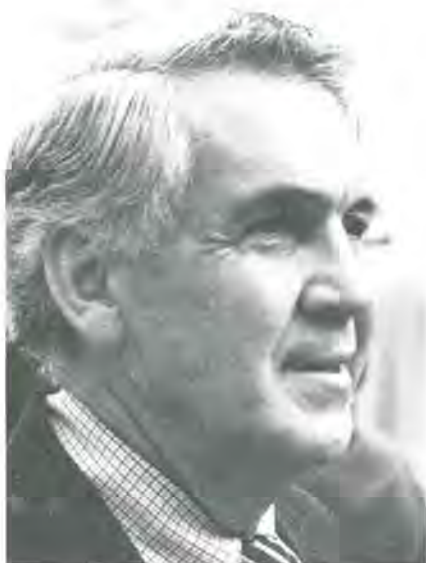

Fiscal Year

July 1, 1995 to June 30, 1996

CITY OF

RUTLAND, VERMONT

This Annual Report of the City of Rutland is Dedicated to

JOHN J. DALEY

"Jack" Daley has made a career of service to Rutland and to Vermont. First elected to the Board of Aldermen in 1956, Jack became the twenty-eighth Mayor of Rutland in 1961 at only 35 years of age. After two terms as Mayor, Jack was elected Lt. Governor of Vermont. In 1981, precisely twenty years since he was first elected to the office, Jack Daley was elected the thirty-second Mayor of Rutland and served for three additional terms. He subsequently served two terms in the Vermont House representing Rutland City District 6-2.

Jack and Mary Daley reside on Hilltop Terrace and have eleven children and 16 grandchildren. It is no surprise that Jack spent most of his professional life as a teacher.

Whether in the classroom, the mayor's office or simply by his example, Jack Daley has taught us volumes about the importance of being a gentleman, of community service and compassion for others.

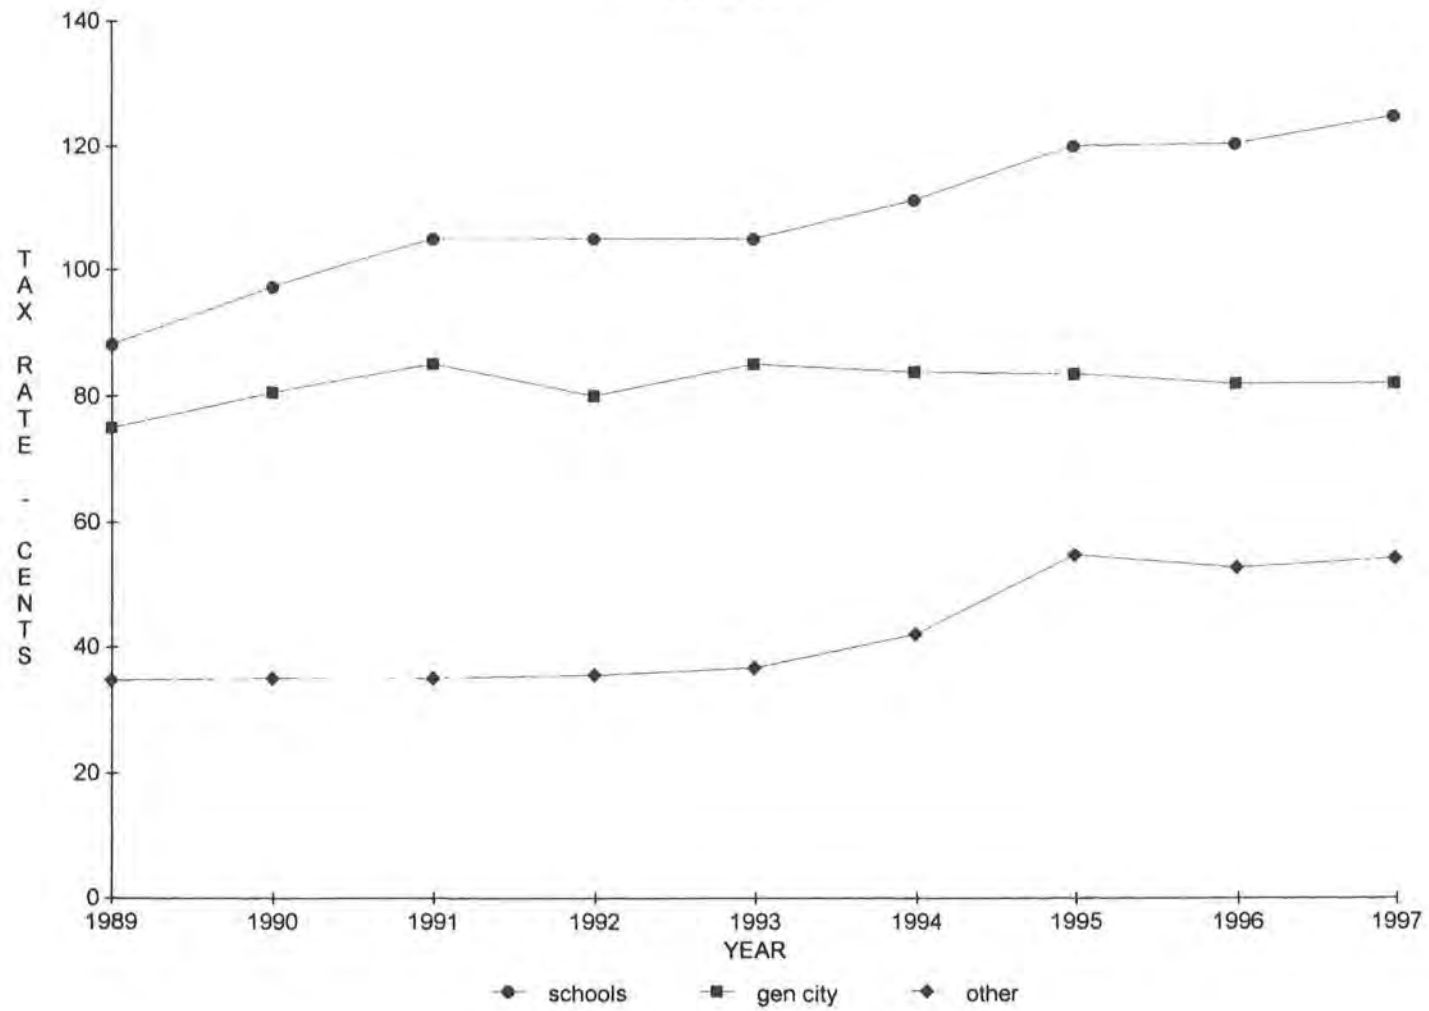

Mayor John J. Daley made service to this community his career, and it is we who are all the richer for it.

Mayor's Message

Jeff Wennberg, Mayor

To the Honorable Board of Aldermen and the Citizens of Rutland

Rutland's remarkable revival continued during fiscal year 1996. After a short pause, construction on the downtown shopping plaza resumed with the announcement that Wal-Mart, the nation's leading retailer, would be locating in the space vacated last year by K-Mart. Other downtown improvements, such as the reconstruction of Depot Park, kept up the pace of progress as our dreams of a downtown revitalization continued to come true.

When Central Vermont Public Service announced that they would not proceed with the construction of a new headquarters building, the whole community held its breath. Even with the major improvements on the south end of the plaza and at the Asa Bloomer Building, downtown could not long tolerate a huge vacancy where K-Mart once stood. The fact that Wal-Mart was interested in this location was for many months the worst kept secret in central Vermont. Finally, NET Property Management, the plaza owner, and Wal-Mart announced that a lease had been signed.

Construction was delayed by an Act 250 process that was at times very frustrating. The existing permit, which had been granted in 1992, called for a larger department store and a smaller parking lot than was already there. NET and the City sought to amend the permit to allow a smaller store and a larger parking lot, essentially keeping the same "footprint" as had been the case since the plaza was built. Such amendments are frequently granted without a hearing, and indeed, no one came forward in opposition to the plan. Nonetheless, multiple hearings were held involving months of delays before a permit amendment was granted.

Significant progress was made in Congress and Montpelier toward the goal of AMTRAK passenger train service to Rutland. Millions of dollars were committed by the state and federal governments to upgrade the tracks. The people of Rutland owe a debt of thanks to Governor Dean, Senator Leahy, our entire delegation to Montpelier (past and present) and

especially Senator Jim Jeffords. Thanks to them, passenger rail service is scheduled to commence in December—forty three years since the last passenger train left Rutland.

For yet another year, redevelopment progress means stable taxes. In fiscal 1996, the total tax rate dropped by three cents, thanks in large part to a 2.55 cent drop in the rates controlled by the Mayor and the Board of Aldermen—the general city and streets taxes.

I am pleased to report that in fiscal 1996-1997, we held that line, with only a .05 cent increase (50 cents per year on a \$100,000 home) in these combined rates. Overall, taxes went up due to increases for the schools, county tax and voter-approved appropriations.

In August of 1995, the City faced an unexpected challenge. A brawl surfaced the presence in our community of a southern New England based urban street gang with a reputation for violence. In the months that followed, the nature and intentions of this group became clear. They sought to establish a local chapter of their gang by recruiting local

youth, and through this control drug and other criminal activity in the Rutland area.

The schools, social agencies, law enforcement agencies and nearly everyone else with a concern for our youth came together to proactively face this threat. As a result, a year later, the president of the local chapter has been convicted of drug trafficking and imprisoned, there is a new youth services center operating out of the former Southeast School and there is a new level of cooperation between all of those serving the needs of young people.

While the efforts to organize the gang have been checked, they have not gone away. A

chapter now exists here, and the need to remain vigilant remains. Gangs attract members from those young people who find their lifestyle safer, more supportive, more rewarding than that offered by the community. We can only stop this behavior by denying them their members, and we deny them members by creating in our homes, schools, churches and community an environment in which every young person is safe, welcome and respected.

My deepest thanks to all City workers who proudly serve this community and its people.

Report of the President of the Board of Aldermen

David W. Sagi, President

To the Citizens of the City of Rutland

As we look back over the last year, the results of the hardwork many citizens of Rutland and officials invested in, are truly amazing.

I would like to first thank the Board of Aldermen. There are countless hours that the public never knows about that are not reported in the press, such as many weekly committee meetings; Board of Civil Authority meetings concerning tax appeals, charter and ordinance meetings to which Alderman Sharon Davis has for the last three years done an outstanding job; to all aldermen who have missed many dinners with their families to conduct the business of this city.

I also would like to thank Mayor Wennburg for his vision of Rutland City and all department heads and employees who serve this city, and a special thanks to Rosemary Finley, City Clerk, her support is critical to all of the boards work.

As work on the plaza continues and Wal-Mart scheduled to open in early '97 and hopes for the plaza to be near 100% occupied by the end of '97, on behalf of the Board of Aldermen, we thank you Bob Reckner and Net Realities for your investment in this city. Without your commitment to this city we may have never seen our dreams and hopes for Rutland City come this far.

With the opening of many new businesses downtown and completion of the plaza, the new Hannaford store moving to the city, and Amtrak coming to downtown and a new train station, plus the Multi-Modal Transit Center in downtown, 1997 looks to be a great year for the city and you the people who make it your home.

I would like to thank all who have supported me as board president over the last two years. I will never forget your honesty and hard work.

RUTLAND CITY BOARD OF ALDERMEN

Seated: Wendy Wilton, Sharon Davis, City Clerk Rosemary Finley

Standing: Paul Clifford, Samuel Gorruso, Frank Zetelski, William Gillam, Jr., Robert Stafford

Audit Report

Reports of the audits conducted by the City of Rutland and the Rutland City School Department are included in the City of Rutland Financial Statement which is a separate document and is available from the Office of the City Treasurer.

Report of the City Treasurer

R. J. Graves, City Treasurer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Treasurer's office again has completed another year in fulfilling its duties and responsibilities to the Tax Payers of the City of Rutland. Myself and staff are pleased to submit to you the annual report for the year ending June 30, 1996.

It is without question that our responsibilities are great. We in the Treasurer's office welcome our duties and hope that we have performed them diligently and foremost to the best of our ability for the Tax Payers of the City.

Our duties are widespread in nature from preparing and collecting tax bills, water and sewer rents and providing service to the general public, as well as providing fiscal support of all departments of the City.

Utmost in our duties is the accountability of the Tax Payer's dollars. This office publishes a comprehensive financial report annually under a separate cover. As presented in that report the General Fund of the City as a result of its operations has a Fund Balance or surplus of \$378,954.85. This fund balance is

directly carried over to the next fiscal year to offset what needs to be raised by taxes for that fiscal year.

The City met its debt requirements promptly during Fiscal Year 1996. The City's total Bonded Indebtedness as of June 30, 1996 is \$13,748,560.00. Interest on that debt totals \$5,342,616.25.

The City also maintains Water, Sewage Disposal, and Parking Meter Funds in addition to a number of Trust and Agency funds.

The Financial Report will be audited by an independent certified public accounting firm. The audit was designed to meet requirements of the City, State, and the Federal Single Audit Act of 1984 and related OMB Circular A-128.

The preparation of this report and the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff by the Finance Department which is made up of the Treasurer's office, Data Processing Department, and Purchasing.

Report of the Building Inspector/Zoning Administrator

James P. Simonds

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I am pleased to submit to you, the annual report of the activities of the Building Inspector/Zoning Administrator's office for the fiscal year ending June 30, 1996.

Our office has issued 816 Certificates of Occupancy, 41 sign permits, 34 Electrical Permits, 29 Variance Applications on Zoning issues, 11 Applications to the Planning Commission and a total of 198 building permits for:

In closing, I would like to thank the Mayor, Board of Aldermen, Board of Zoning Adjustment, the Planning Commission, the City Attorney, along with all the department heads and their staff for their cooperation and assistance. Additionally, I would like to thank the residents of the City of Rutland for their continued support and assistance in detecting violations that would otherwise go unnoticed.

Building permits:	Cost of construction
112 residential renovations	\$758,472.00
7 new residential buildings	587,000.00
55 commercial renovations	3,997,197.00
2 new commercial buildings	950,000.00
22 demolition permits	

Report of the Zoning Board of Adjustment

Stephanie Lorentz, Chairperson

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

The Zoning Board of Adjustment has again completed another year of fulfilling its duties and responsibilities in upholding the City Ordinances set before us. It is with pleasure that I hereby submit the annual report of the Zoning Board of Adjustment.

The members for the fiscal year 1995-1996 included Stephanie Lorentz, Chairperson, Dean Lawes, J. Donald Cross, Andrea R. Hubbard MacLauchlan, Al Trepanier, Martha Hogan Henry, Gregory Thayer, and Dr. J. Malcome MacDonald, Member Emeritus.

During the course of the year, we held 29 public hearings for variance requests, with 22 of those approved and 4 denied, and 3 withdrawn. Public Hearings are scheduled upon request, for the 1st and 3rd Wednesdays of the month, and are held in Aldermanic Chambers.

Our obligations include determining whether or not the statutory five criteria were satisfied following a request for a variance. Public hearings are warned to give advance notice to the public to participate in the hearings. In addition to holding public hearings, we investigate and make determinations on discrepancies of the Zoning Ordinances that come through the Zoning Administrators office and interpret the Zoning Ordinances as written.

In closing, I would like to thank the residents of the City of Rutland for their active participation in the public hearing process, Jim Simonds, the Zoning Administrator, Cathy Diana, and the Mayor for their continued support of our efforts.

Report of the Legal Department

Christopher P. Sullivan, City Attorney/Grand Juror

Henry C. Brislin, Assistant City Attorney

To the Aldermen and Citizens of the City of Rutland:

The Legal Office of the City of Rutland devoted a considerable amount of time to issues involving the Downtown area. Much of this involved parking, as well as negotiations with numerous parties to accomplish the many revitalization projects occurring in downtown including the development of Rutland Plaza for Wal-Mart, the Railroad Station, Spruce Street Extension, and the Multi-Modal Transit Center.

The City of Rutland is the condemning authority for acquiring the lands for the Multi Modal Transit Center which is to be located in the Willow/Edson Street area. In January, the Board of Aldermen authorized proceeding to Court to bring about this condemnation. The City has been negotiating with affected property owners, the Transit District and the State to acquire these properties for the project. As of this writing, the negotiations have been completed. The next step is determining the value the property owners will receive, finalizing the plans and preparing the request for bids.

The City was fortunate to assist in locating Wal-Mart in the Downtown Plaza. This is a welcome addition to the retail mix in Downtown, and clearly will bring about the continuation of the revitalization of Downtown.

The process involved amendments to Act 250 Permits in which parking was a major issue. This office worked with Net Realty Holding Trust, the State of Vermont Act 250 Commission, Pistols and Roses, Mead Building Association and representatives of the State of Vermont Employees in bringing about the issuance of the amended Act 250 Permit. The office negotiated with parties and put together an agreement that will provide long term park-

ing for Downtown employees and the necessary short term parking for the retail uses including Wal-Mart.

Negotiations are continuing with Net Realty and CVPS regarding an exit agreement as a result of CVPS not being able to locate its headquarters in Downtown as planned. Also involved in this process is Vermont Railway and the State of Vermont. Hopefully, the end result will be a passenger rail station and improvements to Spruce Street for better access to downtown for the southwest area of Rutland and an improved area aesthetically.

This office continues to recodify our Ordinances including changing ordinances from Criminal to Civil for simpler and more expeditious enforcement. Also, there were numerous Ordinances which were determined to be unnecessary and which were repealed. We will continue with this endeavor with the Board of Aldermen and the affected departments in bringing about the changes to many ordinances as well as the repeal of Ordinances which are no longer of any value to the City.

The Legal Office has implemented a new litigation and risk management system which allows closer monitoring of litigation being handled by outside counsel as well as claims being handled by the Vermont League of Cities and Towns. This involves taking a much more active role to protect the interests of the City in these cases.

Chris Sullivan continues his role as City Attorney and Grand Juror with overall responsibility for the Legal Department. Henry Brislin is the Assistant City Attorney with responsibilities for the daily legal office work for the administration.

Office of the City Clerk

Rosemary F. Finley, C.M.C., City Clerk

To the Citizens of the City of Rutland:

The following is the report of the office of City Clerk for the year ending June 30, 1996.

LAND RECORDS:

7,427 pages of land records were recorded and microfilmed.

VAULT RESEARCH:

During the year 2,387 people signed into the City Clerk's vault to do research in our land records and vital records.

VITAL RECORDS:

Births (687 Total):

196 Resident Births

491 Non-resident Births

Deaths (487 Total):

258 Resident Deaths

229 Non-resident Deaths

Marriages (197 Total)

LICENSES:

Licenses issued to date for the current license year are as follows:

- 64 First Class Beverage Licenses
- 32 Second Class Beverage Licenses
- 67 Tobacco Licenses
- 1,193 Dog Licenses
 - 1 Bowling Alley
 - 1 Circus
- 21 Coin Machine
- 6 Fair Licenses
- 6 Multiple Fair Activities Licenses
- 10 Hotel/Motel/Inn
- 24 Peddler/Solicitor
- 25 Pool Table
- 117 Restaurants and Victualing Establishments
 - 1 Rodeo
 - 7 Taxi/Limousine (covering 16 vehicles)
 - 1 Theater
 - 1 Transient Merchant

ELECTIONS:

March 5, 1996 Annual City Election

Eligible voters: 10,708; 3,519 ballots counted.

The following officers were elected:

Aldermen:

Sharon Davis, William Gillam, Jr., Samuel Gorruso, David Sagi, Frank Zetelski.

School Commissioners:

Michael Dick, Debra Marro, Terence Moran, Sr., John Sanborn

Ward Officers:

Ward 1:

Judith Caldwell Clerk, Helen Courcelle 1st Inspector, Rita Bishop 2nd Inspector, Shirley Davidson 3rd Inspector

Ward 2:

Daphne Gregory Clerk, Marion Turner 1st Inspector, Helen Sargent 2nd Inspector, Geraldine Young 3rd Inspector

Ward 3A:

Virginia Ettori Clerk, Shirley Eaton 1st Inspector, Jerry Rogosta 2nd Inspector, Frieda Shanahan 3rd Inspector

Ward 3B:

Patricia Kohl Clerk, Margaret Courcelle 1st Inspector, Eileen Brough 2nd Inspector, Sibyl Valente 3rd Inspector

Ward 4:

Paul Barbagallo Clerk, Vera Stanley 1st Inspector, Clayton Eaton 2nd Inspector, Rita Kelly 3rd Inspector

Voters approved an amendment to the City Charter to establish "Schoolchildren First Scholarships" a voucher system to permit students to attend schools other than Rutland City Schools. Although the amendment was approved by local voters, it has not been approved by the Vermont Legislature.

Voters approved funding for the following:

Association for Retarded Citizens	\$25,900
Bennington Rutland Opportunity Council	\$9,115
Marble Valley Regional Transit District	\$46,140
Regional Ambulance	\$109,480
Rutland Area Hospice	\$8,000
Rutland Area Visiting Nurses	\$35,000
Rutland County Adult Basic Education	\$9,000
Rutland County Womens Network & Shelter	\$10,000
One to One	\$6,000

Retired Senior Volunteer Program	\$8,475
Council on Aging	\$20,000
Interage	\$2,500

PRESIDENTIAL PRIMARY ELECTION March 5, 1996

Vermont held its first binding Presidential Primary Election. Voters were required to request a ballot for one of three parties: Democrat, Republican or Liberty Union. Ward Officers were required to record which ballot each voter requested. Ballots cast: Democrat 898, Liberty Union 7, Republican 1,693.

ORDINANCES:

The Board of Aldermen adopted the following ordinances or amendments:

- No. 188 Title 3: The City Government, Chapter 3 Executive Department, Add Subchapter 9, §441-448 Emergency Curfew

Title 34 City Parks, Amend §8009

No. 201 Amend Ordinances in their entirety to change "City Council" to "Board of Aldermen"

No. 202 Title 9 Buildings, Chapter 3 Construction, Repair and Use of Buildings, Amend §1030; Chapter 5 Moving Buildings on Streets and Highways, Amend §1128 and 1129; Chapter 11 Housing Standards, Amend §1308; Chapter 14 Certificate of Occupancy, Amend §1335

Emergency Management Report

Ira I Earle III, Director, Emergency Management

To the Honorable City Council and Citizens of Rutland:

I respectfully submit the Annual Report for the Department of Emergency Management for the fiscal year ending June 30, 1996.

Throughout the time from July of 1995-June 1996 the Department was called on for many different types of emergencies most usually for helping citizens of house fires to locate shelter and clothing as needed. However, there were several unusual emergencies during this period that gave this department an opportunity too more fully use its resources, such as the emergency operations plan. The plan was activated on several occasions for spills or releases of hazardous materials.

The past winter the Mayor's Emergency Fuel fund was transferred to BROCC for administrative reasons. Cold weather started in early November and did not let up until the middle of April. This fund, through the generous contributions of the area Ecumenical Council and others were able to help one hundred and forty-two (142) persons and families through the heating season.

During January we had record snow storms with snowbanks sometimes as high as six feet or more. On January 19 rain and warm weather began to take a toll on Rutland; Tenney Brook and some other streams overflowed their banks causing flooding throughout the city, then again, in the spring. April and May high water from several days of rain, melting snow and warm weather, although the water was high in several areas and the possibility of evacuation from these areas was emanating, evacuation was not needed.

As safety director for the City of Rutland some new programs have been started. We have formed a safety committee, which in-

cludes members of both Labor and Management from all departments in city government this committee meets regularly on a monthly basis. The goal is to make "safety always first."

This office has worked with the Vermont Emergency Management and the EPA to obtain training for the emergency services agencies. Several emergency service schools were held for the police, fire and DPW such as Haz-Mat awareness, cameo (computer aided management of emergency operations), bloodborn pathogens, confined space entry and others, which are mandated by federal law. As these classes or courses become more available, this office will continue to help emergency departments in our area in sending personnel, to maintain top grade emergency response personnel. As director of emergency management, I have attended several emergency management schools and seminars throughout the year which are mandatory for the city to maintain EMA status.

As chairman of the Local Emergency Planning Committee, I was able to obtain a carbon monoxide detector, which was used often throughout the heating season.

In conclusion the office of emergency management has worked with other agencies in controlling emergency situations such as spills and releases of hazardous materials, fires, and natural disasters. Some of the agencies involved were CVPS, Red Cross, Salvation Army, BROCC, GE and the petroleum dealers. Thank you for your resources and assistance.

Rutland Fire Department

Gerald T. Lloyd, Chief Engineer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I respectfully submit the annual report for the City of Rutland Fire Department, for the fiscal year June 30, 1995 through July 1, 1996.

During the past year, your fire department responded to a total of 826 emergency fire calls, 96 heavy rescue and vehicle extrication calls, 1343 citizen assistance calls, 76 hazardous materials incidents, and 46 carbon monoxide investigations.

The department assisted in the investigation of seven fires, to determine cause and origin of the incidents. Personnel from this department received and reviewed twenty fire alarm and three building plans for new and renovated properties.

Approximately 800 hours were spent maintaining traffic lights, traffic signals, and the fire alarm system. The department conducted 30 electrical inspections, and assisted in the installation of 5 new municipal fire alarm boxes. Officer's and members of this department assisted the Vermont State Department of Labor and Industry, and the City of Rutland Building Inspector, James Simonds, in conducting 166 building inspections, to correct violations of the Life Safety and B.O.C.A. codes.

On June 25, 1996, an internal disaster drill was conducted by the Rutland Regional Medical Center, at their facility on Allen Street, for the purpose of testing their internal disaster drill plan, which is required for their annual certification. This exercise was limited to the employees and staff of the Rutland Regional Medical Center, our department, and the Rutland City Emergency Management Director, Ira Earle, at the request of the Rutland Regional Medical Center. This exercise was extremely successful, and provided medical center employees and staff the opportunity to work with our firefighter's under emergency conditions.

Mayor Jeffrey Wennberg and the Honorable Rutland City Board of Aldermen, authorized the replacement of Engine #4 and Rescue 8, along with our fireground lighting plant. The three vehicles were consolidated into one

unit, which will provide this department greater efficiency when responding to fire suppression and heavy rescue calls. The vehicle will be equipped with a 1500 gallon per minute pump, and will have on board all necessary tools for the purpose of extrication or high rise rescue. The vehicle will also have the capability of providing lighting and electrical power, for fireground operations. The low bid for this vehicle was awarded to the Sutphen Company, and the expected delivery date is April 1, 1997. The vehicle is of stainless steel construction, and has an on-board computer system for hazardous materials and disaster incidents, and should provide service to the citizens of the City of Rutland, for the next thirty years. Once the vehicle has been delivered the department will no longer need the services of Engine #4 or Rescue 8. These vehicles will then be removed from the vehicle inventory of this department.

Prior to the start of the school year, inspections were conducted at all education facilities, and the fire alarms and other emergency equipment were tested to insure that they were in the proper working order. A minimum of 9 fire drills were conducted at each educational facility in the city, to insure that our students are familiar with the exiting process in the event of some type of emergency at their facility. Our department would like to thank the Superintendent of Schools, school maintenance personnel, school principals, and teachers, who were cooperative and cordial throughout this process.

Our department responded to 3 General Alarm fires during the past fiscal year. The first general alarm occurred on November 16, 1995, at the Killington Gateway Condominiums, located in Mendon, Vt. This building sustained heavy smoke and fire damage to four units on the second and third floors of this thirty unit condominium. Members of this department along with mutual aid units, were able to bring the fire under control and successfully save the structure which is presently being renovated, and re-occupancy

is expected in early November. A general alarm was also sounded at 14 Clinton Ave. on February 28, 1996, when a short circuit in a refrigerator unit caused heavy fire damage to the kitchen and porch area of this structure. On March 7, 1996, the department was called to a general alarm fire at Philo's Auto Repair Shop, on Route 4 in Mendon, Vt. The fire caused extensive damage to the garage area of this structure, and the cause of this fire is still under investigation. This department had eight ten man call-back orders, for working structure fires during the past year. No serious injuries were sustained by members of this department, during the response to or suppression of these emergency situations.

Mutual Aid assistance was provided by the Rutland Town Volunteer Fire Dept., Clarendon Volunteer Fire Dept., Pittsford Volunteer Fire Dept., Proctor Volunteer Fire Dept., Sherburne Volunteer Fire Dept., and the Chittenden Volunteer Fire Dept., during the Killington Gateway Condominium fire. This department is extremely grateful to all the members of the Rutland County Mutual Aid Association who provided assistance and support to our department, during this very serious fire.

During the past winter, a large amount of snow fell in the Rutland area, and we would like to thank the citizens of our community who participated in our "Adopt-A-Hydrant" program, by assisting this department and the Dept. of Public Works, in our attempts to keep our hydrants free from snow and ice conditions.

A new digital fire alarm system was installed at the Central Fire Station, after our equipment was damaged in a severe electrical storm. Members of this department are in the process of re-timing master boxes, and testing our outside fire alarm system, to insure the reliability of this equipment.

On October 14, 1996, in conjunction with National Fire Prevention Week, our department hosted an Open House at the Central Fire Station. Visitors included Mayor Wennberg, members of the Board of Aldermen, representatives from U.S. Senator James Jeffords office, and approximately 2000 members of the general public. Tours of the fire station and fire apparatus were conducted, demon-

strations of vehicle extrication, high angle rope rescue, rope rappelling, and fire alarm response were displayed, and the Vermont State Fire Safe Trailer was open to the public. This department would like to thank the many area merchants who donated food items and display merchandise, which helped to make this Open House a tremendous success.

Our on-going fire education and safety programs, under the direction of Capt. Gregoria and Lt. Walsh, was again provided to all students in grades K through four, who are enrolled in the Rutland City School system. These programs were developed by the officer's and members of this department, in an effort to provide a safe home environment, and safe fire procedures while attending our school facilities. In addition to visiting our local schools, this department provided approximately 100 tours at Central Fire Station, to local school children, and to students from educational facilities outside of the City of Rutland.

Five members of this department, under the direction of Assistant Chief Gerald Lancour, were re-certified in Aircraft 139 Operations, to maintain their active F.A.A. firefighter standards. The City of Rutland Fire Dept. is under contract with the State of Vermont Agency of Transportation, to provide certified firefighters when aircraft with a passenger capability of more than thirty, land or take off at the state airport in No. Clarendon, Vt.

Again this year, the American Legion Post 31, provided this department with a donation in the amount of \$1,000.00 in the name of the late Chief Alfred H. Koltonski, to be used for activities that benefit both the firefighter's and the community that we serve. This years donation was used to purchase equipment for the members of the Combat Challenge Team. Our team competed in April and May of 1996, in regional events, and on June 8, 1996, competed in the Eastern Competition at the Altomont New York training site. The members of this department finished in third place, which qualifies them to participate in the National Competition in Las Vegas, Nevada, in December of 1996. Again this year, the residents and management of Sheldon Towers, have permitted your firefighter's to use their

facility, for the purpose of training and conditioning, for the upcoming events. Members of the Combat Challenge Team received donations from the Sheldon Towers Association, American Legion Post 31, and the Veterans of Foreign Wars Post 648, to assist them with their expenses while traveling to the event locations. The members of this department are extremely proud of the efforts put forth and the time devoted to the participants and members of the Combat Challenge Team. We wish them the best of luck in future competitions that they may participate in.

Our on-going training and safety programs continue on a regular basis, and most members of this department have successfully completed units 1-5, of the required State of Vermont Training Council's education standards for career firefighter's. Graduation and certificate awards are tentatively set for October 30, 1996, at the Central Fire Station. The Incident Command System classes has been completed by all members of this department, and we are presently training in the Firefighter's Accountability Training Standards which will be implemented once all firefighter's from this department have been certified in the required safety procedures.

Mayor Wennberg and the Board of Aldermen, have selected the Central Fire Station to serve as the headquarters and dispatch area, for the Enhanced 911 System, for the City of Rutland. At the present time we are in the process of making structural designs to accommodate the necessary emergency equipment, and to set scheduling for the dispatchers of the Enhanced 911 system. July 1, 1997 has been designated as the date that this system must be on-line and operating. It is our expectation to have all the necessary equipment installed and functioning, prior to the on-line date of June 30, 1997. This department would like to express their sincere gratitude to Mayor Wennberg, members of the Board of Aldermen, and to the members of the E-911 committee, who have worked very hard, and given up many hours of their time, so that this vital program may come to the City of Rutland, thereby allowing this and other emergency response departments, to better serve our community.

I wish to thank the members of this department, Mayor Jeffrey Wennberg, and the members of our City Council, and other department heads, for the cooperation and assistance during the past year.

Planning Commission

Austin Burbank, Chairman

Jim Pell, Peter Giancola, Kathleen Valente, Carolyn Baker, John Hock, Jack Facey, Theodore Robare, Michael Donahue

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

Our business was fairly typical for the 95-96 fiscal year. We are still in the process of revising the new zoning ordinance and hope to have this completed and submitted to the Board of Aldermen for their review. Hearings will then be scheduled for public comment and input.

We conducted Public Hearings on 11 issues from development to subdivisions. The Planning Commission meets on the 1st and 3rd Wednesdays at 7:00 p.m. as needed, in Aldermanic Chambers.

Board membership changed with the resignation of Nancy Beauchamp. We wish to thank her for the hours of dedication and service and her contributions to the re-writing of the new Zoning Ordinance.

At the end of the fiscal year, June 1996, I will be resigning from the Planning Commission, but I would like to thank the Board for their cooperation with regular meetings and Public Hearings and their diligence to the proposed

Zoning Ordinance. At this time, Secretary Cathy Diana is also resigning and the Board wishes to thank her for keeping the Planning Commission procedures running efficiently.

Matthew Sternberg, Executive Director of the Rutland Redevelopment Authority, will be working closely with the Planning Commission on a continual basis in an advisory capacity. He will represent the city on planning issues of regional and state concerns, act as a resource for the Planning Commission and will be assisting in the development of a new zoning map, zoning regulations and updating the Master Plan.

In closing, the Planning Commission wishes to thank His Honor Mayor Wennberg, the Board of Aldermen, City Attorney Christopher Sullivan, Zoning Administrator Jim Simonds and Secretary Cathy Diana for their assistance and cooperation at all times. We also thank the citizens who attended our public hearings and offered help.

Health Officer

Pamela J. Petrie, Health Officer

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the Health Officer for the fiscal year ending June 30, 1996.

The Board of Health consists of Robert Beauchamp, R.Ph.; Ernest Bove, M.D., and Gordon B. Smith, M.D. This board acts in a supportive role by assisting and advising the Health Officer in matters regarding public health.

Throughout the past year, both the Health Officer and the Board of Health have been kept fully apprised of the weekly testing of City water through the cooperation of the water treatment manager. The water remains consistently in compliance with all State and Federal water quality standards.

Once again this past year has been a very busy year with public health nuisance allegations requiring investigation. The disposition of garbage, trash and other debris were the most common allegations. In several instances, Health Orders were necessary, along with the help from other City Departments and the Vermont Department of Health, to abate the worst of these problems.

Unfortunately, it is still common a practice in our area for people to burn their unwanted clutter, trash and debris either in burn barrels or woodstoves. Dyes, inks, household chemicals, plastics and construction debris make burning rubbish such as this a highly dangerous practice. When trash is burned in either a burn barrel or a woodstove, the fire is not hot enough to destroy poisonous substances nor does it receive enough oxygen to burn efficiently. For these reasons, the burning of today's trash is illegal because it is dangerous to our health!

Pursuant to our current City Ordinance "No person shall engage in any open burning except in conformity with the Vermont State Air Pollution Control Regulations except that such person shall obtain a local permit from the Rutland City Fire Chief and all open burning shall take place only between 8:00 A.M. and 5:00 P.M.

The Vermont Air Pollution Control Division is trying to help keep and improve the quality

of Vermont's air. To do this, they have come up with the following list for what you may or may not burn.

Legal Burning:

- Burning of leaves, brush, deadwood, tree cuttings, and weeds from your property.
- Campfires and outdoor barbecues.
- Wood Bonfires on festive occasions.

Illegal to Burn:

- Paper and cardboard.
- Tires and other rubber products.
- Treated, painted, or finished wood (that includes pressure treated wood).
- Plastic (such as milk cartons, the plastic containers that your meats are in from the store, plastic bags, etc.).
- Garbage of any kind.

Think before you burn! The smoke from your fire, while it might not bother you, could be a real nuisance or serious health threat to your neighbors.

On behalf of the Board of Health and myself, I would like to thank Mayor Wennberg, the Board of Aldermen, all City Department Heads and their personnel for their continued support. In closing, I would again like to thank the many concerned citizens of this city for their assistance, cooperation and support, for without their help, many of the health issues would go unresolved.

City Assessor's Office

Barry J. Keefe, City Assessor

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I am pleased to submit the annual report of the Assessor's Office for the fiscal year ending June 30, 1996.

The Grand List at April 1, 1996 totaled \$696,673,372, which reflects a decrease from April 1, 1995 of a little over \$2 million. As was reported earlier there has been solid growth over the past two years of about \$22 million. The dip in the list this year is centered in the business personal property area where machinery and equipment has come off our books as a result of some accelerated depreciation schedules used by a few larger concerns. Another area that contributed to the decrease was the demolition of some buildings in the City. However, this temporary loss in tax base usually translates into new construction which not only helps the grand list but adds to the economic vitality of our community in terms of jobs and services.

The news that passenger rail service will return to Rutland is positive and the fact that the Downtown Plaza will house the Wal-Mart store indicates that well thought out investment is being made in Rutland. These activities among others, will generate more activity downtown and that is good for values.

This office has received the results of the 1996 equalization ratio study from Vermont

Department of Taxes Division of Property Valuation and Review. The common level of appraisal, which is the relationship between the listed value and aggregate fair market value is 98.90%. The coefficient of dispersion is a healthy 15.28%. While these studies are statistical in nature, the study provides us with valuable data to be used in hearings and points to the equity in our Grand List.

Our office is committed to improving assessment practices and promoting justice and equity in the distribution of the property tax burden. The Assessor's office has no control over tax rates.

I would like to take this opportunity to thank the taxpayers for their patience and understanding and also the offices of the Treasurer, City Clerk, Building Inspector and Data Processing for their cooperation and assistance, and finally to the Mayor and those members of the Board of Civil Authority who worked so diligently and capably this past year.

In closing, I wish to thank my associate, Margaret "Peg" Cillo. Peg always contributes, works hard, and is true to our goal in this office, to treat every citizen with equal respect.

Police Department

Robert R. Holmes, Chief of Police

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I am pleased to submit to you this Annual Report of the activities of the Rutland City Police Department for fiscal year ending June 30, 1996.

Within the first month, it became apparent that FY-1996 was going to be a different and busy year for the Police Department. On July 30, 1995, Rutland Police were called to 111 Maple Street with a report of a large fight in progress. The incident involved a fight between a number of local youths and some new youths who were residing at that location and who were later identified as being associated with an organized street gang, known as The Los Solidos, from the Springfield and Holyoke, MA areas. This was a new experience for the Rutland Police Department and for the City of Rutland. The number of participants in the fight was never determined as there were estimates of over one hundred spectators and it was difficult for the police to distinguish participants from spectators. Two of the residents of 111 Maple Street were taken to Rutland Regional Medical Center Emergency for treatment of injuries sustained in the fight. Many clubs, knives, and hand weapons were found abandoned in the area after the fight. Further investigation resulted in the arrest of two local youths for assault and hate crimes and the discovery of an increased number of youths from Massachusetts moving into Rutland with the apparent purpose of establishing a Los Solidos Chapter in this area.

Immediately, the Police Department sought assistance from the Western Massachusetts Violent Gang Task Force who were familiar with several of the Los Solidos members discovered in Rutland. In attempt to prevent continued gang activity and the possibility of gang recruitment of local youths, the Rutland Police Department developed a strategy of strick enforcement, intelligence sharing, and community education and support. Following some brief training and information-sharing by the Western Massachusetts Violent Gang Task Force, members of the Rutland Police

Department held a series of public forums to educate parents, teachers, and other youths to the danger of gang affiliation.

A few local youths did become Los Solidos gang members and other local area youths became sympathizers. By January 1996, there was an estimated 50-plus Los Solidos gang members living or visiting in the Rutland Region and an estimated 100 to 200 local youth followers. The Board of Aldermen approved the hiring of one additional police officer so that one patrolman and one detective could be assigned to work full time with the state and federal agencies on the gang problem. The combined efforts of education, awareness, and enforcement have been successful. Several Los Solidos members were arrested, some were sent back to Massachusetts with their parents, and some members moved to other areas of Vermont. By the end of FY-96, the number of known members of Los Solidos remaining in Rutland had diminished significantly.

In an unrelated incident, shortly after 1:00 a.m. on August 23, 1995, a Rutland Police Officer stopped a motor vehicle near Prospect Street and Washington Street for a traffic violation. The driver, Bryan P. Pockette, age 27, of Rutland, was driving under suspension, was issued a ticket, and informed that his vehicle would be towed. He left on foot and returned a few minutes later requesting permission to retrieve his wallet from the car. He was granted permission, but instead of retrieving his wallet, he produced a pistol. The officer drew his weapon and called for back-up. The driver fired a round from his pistol through his own car door. Back-up arrived and both officers continued to order the driver to drop his weapon. One officer sprayed him with OC Spray. It seemed to have no effect. He walked away, entering several porches and knocking on several doors of nearby residences while continuously pointing his pistol toward the officers. The incidence continued until Pockette stopped on Madison Street near Prospect Street where five officers were present and

constantly ordering him to drop his weapon. Pockette suddenly pointed his pistol, aiming at one officer as if he were about to shoot, and three of the officers fired, hitting Pockette. He was immediately transported to Rutland Regional Medical Center by Regional Ambulance, and was pronounced dead on arrival. The scene was secured by Rutland Police officers and following a preliminary investigation and consultation with the Police Commission Chairman, Mayor Wennberg, City Attorney, and State's Attorney, it was decided that Vermont State Police should conduct the investigation in accordance with Rutland Police Commission policy. The State Police completed their investigation in November which exonerated all Rutland officers and stating the officers fired in self-defense.

Two new positions, Community Policing Coordinator and Family Violence/Child Abuse Investigator, had been added to the Department in August 1994, through a manpower grant from the U.S. Department of Justice. With the FY-1996 addition of one gang officer in January 1996, the Department strength increased to 38 sworn officers and 9 civilian positions. Officer Robert Gorruso was selected for the Community Policing Coordinator position and Officer Terrill J. Anderson was selected for the Family Violence/Child Abuse Investigator position. These two positions allowed the Police Department to become involved in more community-oriented programs to reduce family violence and increase public involvement in crime prevention.

In addition to the public "gang awareness programs" developed earlier in the year, a Mountain Bicycle Police Patrol Program was implemented by the Community Policing Coordinator. Five mountain bicycles were donated by local service organizations and businesses and five officers receive one week of rigorous bicycle training. This has become an extremely popular program.

Two organizational changes also occurred. A Special Services Unit was developed to handle all alarm licensing and enforcement of

false alarms, parking meter enforcement, maintenance and control, as well as provide public application fingerprinting, property control, liquor licensing, and handgun permit background investigations, and supervision of Animal Control. Sergeant Donald Morgan assumed the new Special Services Sergeant position. This left a sergeant position vacant in the Investigation Division which was filled with the promotion of Sergeant Kevin Geno. The corporal vacancy left with Sergeant Geno's promotion was filled by Corporal Jamie Tarbell after competing in a Corporal Promotion Assessment Center.

Overall, FY-96 ended statistically successful. Part One Crimes were down 7.6% from FY-95, while Part Two Crimes were down 3.6% leaving a total overall crime reduction of 5.2% for the year. Total traffic accidents were down 2.5% while traffic enforcement was up 2.3% for the year. These are very positive figures considering the activities during the first six months of FY-96 and the fact that total calls for police service (Total Police Incidents) increase 2.4% for the same period and citizen complaints against police officers were down 50% and citizen commendations of police officers was up 54.3%.

Another change occurred in March, 1996, when R. Richard Smith, who had been Chairman of the Police Commission since 1991, resigned as Chairman of the Commission. He continues to serve as commissioner and Mayor Wennberg appointed Dr. E. K. Reiman as Chair. Dr. Reiman was the Chairman of the Commission from 1998 to 1991. Mary Goodwin remained Vice Chairman.

I wish to extend my sincere appreciation to the members of the Police Commission for their continued support, the members of the Police Department for their hard work and dedication, Mayor Wennberg and the Board of Aldermen for their faith and confidence, and to all the Citizens of Rutland who have cooperated, assisted, and demonstrated support for the Police Department throughout this trying year. Thank you.

POLICE COMMISSION

Department of Public Works

Warren E. Conner, Commissioner of Public Works

To the Honorable Board of Aldermen and Citizens of the City of Rutland:

I hereby submit the annual report of the activities of the Department of Public Works for Fiscal Year 1995-96.

The Department of Public Works provides a variety of basic services to the Citizens of Rutland. Among them are day to day maintenance of City Streets, Sewer Collection Mains and Water Distribution Mains, the Wastewater Treatment Plant, the area comprising the City's Watershed and the Water Treatment Plant. In addition, the Department responds to citizen complaints on a daily

basis and emergency situations on a 24-hour basis. Citizens are reminded to contact the Police Department of emergency situations when the Department's business office is closed.

A special note of thanks is extended to the Public Works employees, Mayor, Board of Aldermen and Citizens of Rutland who have assisted the department.

The Department of Public Works should and will continue to serve the Citizens of the City of Rutland to the best of its ability.

Engineering

Warren E. Conner, P.E., L.S., Commissioner and City Engineer

Alan Shelvey, P.E., L.S., Assistant City Engineer

The Engineering Division under the direction of Commissioner of Public Works and City Engineer Warren Conner provides engineering and technical services for each division of this Department and for all other Departments within City government.

As part of these services the Engineering Division compiles and constantly updates plans and records of the City owned utilities and street system. City utilities are located and marked out as requested for the benefit of contractors, property owners and others performing work that may impact those utilities.

The Division also reviews technical designs and specifications for city projects let out to bid, and for streets and utilities built by developers which are to be taken over by the city upon completion. In addition, the Division re-views all developments in the city's watershed.

Contracts, easements, deeds and other documents required for the completion of various City projects are prepared by this Division in conjunction with the Office of the City Attorney.

The Engineering Division, working closely with the Office of the City Attorney and the Commissioner developed a set of Water Distri-

bution System Regulations which are designed to clarify existing policy and to implement new policies where experience has taught us that they were required. We are currently working to develop a similar set of regulations for the city's watershed in order to help insure the protection of our water resources.

The new Slow Sand Filter Water Treatment Facility was put into service in September of 1995. In conjunction with the start up of the plant, a Slow Sand Filtration Workshop was organized and presented as a joint effort by the City and the designers of the plant, Wright Engineering, Ltd. of Rutland. The event, which attracted 103 participants from the United States, Canada and Europe, was held on October 19th and 20th. An open house was held on Saturday, October 21st which was well attended despite the cold, windy and rainy weather.

As Rutland continues it's revitalization, this Division is working with the Administration, the Rutland Redevelopment Authority, Marble Valley Regional Transit District, State of Vermont, and various consultants and contractors on several exciting projects, both public and private such as: the traffic circulation and signalization study; South Main Street widening; Spruce Street Extension and storm

sewer project; continued improvements to the Downtown Plaza, parking facility improvements and the West Street Parking Garage and Transit Center.

We are especially pleased to be assisting in the project to bring passenger rail service back to Rutland City. As every good Rutlander knows, for most of its history Rutland was one of the major railroad centers in New England. A bit of that legacy is scheduled to be restored in the fall of 1996.

Over the past year, the engineering staff investigated several options of updating the water meter reading and billing system to reduce the labor involved, overcome the mechanical difficulties of the existing system, provide more accurate readings, and streamline the billing procedure. A plan to convert to electronic "touchpad" type meters was devel-

oped and approved by the Board of Aldermen. This plan will be implemented starting in fiscal year 1996-97.

The Division reviewed 198 building permits in conjunction with the Building Inspector's Office.

By accepting the position of Water Distribution Manager after the retirement of Bruce Matt, John Havens ended more than 25 years of service in the Engineering Division. While he will be missed by this division, we wish him well in his new position and consider it fortunate that his experience and expertise will remain available to us.

The Engineering Staff consists of Warren Conner, Alan Shelvey, and Peter Kelly who (with the loss of Mr. Havens) together represent merely 58 years of service to the City.

City Forest and City Ornamental Trees

David Richards, City Forester and Arborist

The City Forester and Arborist is in charge of all forestry work including management of the City's ornamental trees and the 4,000 acres of the City forest in the watershed.

The sale of all timber in the Rutland City Municipal Forest is carried out under approved watershed management practices to provide a regulated harvest of timber products and to protect it and insure maximum sustained yields of usable water. Timber sales include saw logs, firewood and pulpwood. Sales are marked out so as to improve the timber stand which remains while providing income for the City. Trees over 8" in diameter at breast height which do not promise to develop into sawtimber quality stems are removed. Large straight trees are left to become more valuable and to provide genetically superior seedlings.

The Stafford Technical Center Forestry/Natural Resources Program continues to use the Rutland City Forest to train students in Forestry and logging techniques.

During the year, students in the program salvaged red pine and white pine saw log size tree from four different timber stands. The trees were blown down in a bad wind storm in October 1995.

The Forestry Program now has a portable band sawmill which can saw the logs cut from the City forest.

There were four (4) timber sales sold on city forest land during the year, the name of the sale, the contractor and the amount of money to be paid are as follows:

Melrose Time Sale - A. Johnson Co.	
Bristol, VT	\$14,207.00
Alice Jones Timber Sale - Reese Pedro	
Poultney, VT	\$15,217.00
Girl Scout Camp Lot Time Sale -	
Shawn Poczobut, Rutland, VT	\$17,529.00
White Road Timber Sale No. 4 -	
Bear Paw Timber Corp.	
Freyeburg, ME	\$16,787.00

In addition, there are \$104,716.00 in timber sales from previous years which are still active.

All money received from timber sales goes into the water fund.

Under the City's ornamental tree program, we have tried to maintain the beauty of our City by properly caring for our trees. This includes removal of dead and dying trees, removal of dead limbs, installing metal cables

or metal rods to prevent splitting, removing low hanging limbs for street and sidewalk clearance, fertilizing trees and planting new trees.

The City of Rutland receive the honor of being named "1995 Tree City USA." To receive the award, a city or town must meet the following criteria:

1. A Tree Commission or similar Department with legal status which implements an annual work plan to care for and maintain the community's trees.
2. A Tree Ordinance.
3. A Community Forestry program.
4. An Arbor Day Observance or proclamation.

During the fiscal year the City applied for and received a federally funded grant to plant ten (10) trees in Main Street Park. Also two grants from the previous year were carried out:

1. To celebrate Arbor Day, twenty-five (25) trees were planted on East Street on May 4th with use of volunteer labor.

2. In May, a large Crimson Cloud Hawthorn was planted on Court Street near the library by the City Forester and the Boy Scout Troop 104. In future years as the tree becomes established it will be very pretty when it blooms in the spring.

In addition to working on the City watershed, the Stafford Technical Center's Forestry Program also helps with the City's ornamental trees:

1. Planted fifteen (15) trees along City streets at various locations.
2. Assisted with tree pruning and tree removal in the City owned cemetery on West Street.
3. Performed most of the maintenance work at the City Tree Nursery.

During the fiscal year twelve (12) trees were removed from city streets. One hundred and thirty-two (132) were planted, and six hundred and sixteen (616) received tree maintenance.

Streets Division

Paul Julius, Streets Foreman

Hot Mix Paving Program:

Hot mix paving of the selected streets totaling over \$224,742.37 put in place by Pike Industries.

The streets paved or portions were:

River Street • Roberts Avenue • Wales Street • Center Street • Evelyn Street • Merchants Row • Burnham Avenue • Kendall Avenue • North Street • Linden Street • Holly Street • Shadow Lane • Grove Street • Walnut Street • West Street • Shedd Place • Dorr Drive • Hillside Road.

The Streets Division installed approximately 1900 feet of concrete curbs and sidewalks. Approximately 400 feet of granite curbing was also completed.

25 ADA ramps were installed over the past year. The Department responds to calls from the Police and the public for filing holes, clean

basin tops and cutting brush and trees from storms.

The Department also puts out barricades and stands for parades, special events and election booths for all elections.

Snow and Ice Removal:

The snow crews again put out an admirable effort on behalf of the Citizens on the City to keep street and sidewalks clean for schools, businesses, and pleasure, especially over extreme conditions the Winter of 1995-96 had to offer.

Total winter costs were \$219,516.17. Our deicer materials were furnished by Cargill Salt, Inc. and winter sand by J. P. Carrara & Sons.

Water Distribution Division

John Havens, Water Distribution Manager

The Water Division provided maintenance and emergency repair services to the City over the past year that included:

- 9 new taps including 1 new sprinkler connection
- Repaired 30 water leaks
- Replaced 4 main line valves
- Re-laid 5 house services
- Disconnected 13 house services of buildings torn down.
- Installed 735 feet of new 6" ductile iron water main on Hopkins Street and 2 new hydrants. 20 house services were transferred through this project.
- Extended 12" main on Curtis Avenue an additional 74 feet and cross connected it with existing 6" pipe to increase fire protection in that area.

I would like to thank the Water Division personnel:

R. Battles
B. Franzoni
L. Hall
D. Roberts
K. Schaner

for their time and effort in working under some very adverse weather conditions during this past fiscal year.

We would like to remind citizens and private snow plowers how important it is to keep

fire hydrants accessible for their own protection and would like to thank those who did shovel out hydrants in their neighborhoods.

Meter Division:

Foreman:
Bob Harvey

Meter Readers:
Bruce Taylor
Jim Lawrence

Records Clerk:
Tom Crosby

There are approximately 5,520 water meters to be read each quarter. High billing complaints are investigated on an as received basis and repairs and replacements are made as necessary. Special readings for real estate closings, water turn offs, meter testing and record keeping are also the responsibility of the Meter Division. In addition to their duties as meter readers, the crew also assists the other Public Works Divisions in emergency operations such as water leak repair and snow removal.

The water meter outside registers which were the state of the art when purchased have increasingly become a source of problems over the years. A program has been started to replace the old meters with the new, more reliable electronic "touch pad" type meters.

Water Treatment Division

Bernard Congdon, Water Treatment Manager

Scott Taggart, Assistant Water Treatment Manager

Work on the Rutland City Slow Sand Water Filtration Facility was completed and was put on line in October of 1995. This facility is one of the largest slow sand plants recently constructed in the United States. The city chose to use slow sand technology because of the low operation and maintenance costs. Slow sand facilities are larger and therefore more costly to construct than other types of filtration facilities but those plants require an operator to be on duty 24 hours a day; the City's plant can be operated on one shift a day.

In this new facility there are three filters that have a total filter area of 50,500 square feet. There is about 1.5 million pounds of reinforcing steel and 6,300 cubic yards of concrete in this facility. The main component of the filter

is the sand which is from a special deposit that is located in Slaterville, Rhode Island. There was a total of 5,000 cubic yards of this sand installed in this facility. Another cost saving with this facility is that there is no need for pumps to pump the water to the city. The entire system is run by gravity.

This last year there was a total of 895,193,200 gallons of water treated for use for the city; approximately 2,452,584 gallons for an average daily use. The water is treated with chlorine for disinfection, hydrofluosilicic acid (fluoride), and zinc-orthophosphate for corrosion control.

This division would like to thank Mike Garofano, Laboratory Director, for all of his help throughout this last year.

Wastewater Treatment Division

G. Lewis Hotaling, Chief Operator

Michael J. Garofano, Laboratory Director

Over the past year the Wastewater Treatment Facility recycled a total of 1,841,910,000 gallons of water.

The following chemicals were used to aid in the treatment process:

Sodium Aluminate - for phosphorus removal	65,858 gallons
Sodium Hypochlorite - for disinfection	42,775 gallons
Sodium Bi-sulfite - for de-chlorination	25,811 gallons

The Treatment Plant consumed 1,675,000 kilowatt hours of electricity.

Materials removed from the waste stream include:

Grit, Sand and Gravel	95.16 cu. yds.
Raw Sludge	7,379,658 gallons
Secondary Sludge	18,715,585 gallons

2,502 cubic yards of digested sludge cake was produced and sent to a Vermont landfill.

This facility operated within the conditions of the discharge permit throughout the year.

In addition to operational activities, preventative maintenance and equipment repair or replacement are the major activities that take place at the Treatment Plant. Some of the larger tasks that were accomplished this year include:

Cleaning and inspection of Digester #4.

Replacement of #1 Check Valve at the River Street Pump Station.

Replacement of the Motor Controllers for Sludge Return Pump #1, Blower #3 and WAS pump #1.

Replacement and upgrade of all mechanical and electrical systems at the Lavern Drive Pump Station.

We extend our sincere appreciation for the assistance and cooperation extended to us by the other divisions in the DPW, the Mayor, Commissioner and the Board of Aldermen.

Wastewater Collection Branch

James B. Ward, Chief

The Wastewater Collection Branch has completed the following work for the fiscal year 1995-1996 with the following employees:

Sewer Specialists:

Steve Davine
Bradley Frederick
Robert Tyler, Sr.
Fred Wood

Backhoe Operators:

Thomas Brown
William Santwire

Clean sewers, maintaining and cleaning basins with Vaccon. Snow removal and sanding for Street Department.

Rutland Recreation & Parks Department

Leif e. Dahlin, Superintendent

To the Honorable City Council and Citizens of Rutland

My second year in Rutland is yet another year that I will never forget! My greatest challenge has been the gaining of a better understanding of my span of control and my authority with respect to managing the concerns of your Recreation and Parks Department. I truly appreciate the fact that when I (unintentionally) over stepped my bounds either the Mayor, the Board of Aldermen or the City Treasurer were there to tactfully let me know that I had gone a bit to far. This has been a struggle for me and I am grateful to everyone who has helped me better understand the internal workings of the City's Charter and ordinances. I think that I am finally getting the hang-of-it!

The Recreation and Parks Department undertook a strategic planning exercise September of 1995 with the goal of clearing defining the Recreation and Parks Department purpose and place in providing City services. This has been completed and we have a clear direction. Out of the many meetings, as well as

gaining a better understanding of the taxpayer and the role this Department plays within the immediate region, it became very evident that in order for this Department to meet the needs of our citizens, we must move in the direction of providing recreational opportunities regionally. To that end, a lot of work has to be done to determine how this could possibly happen. Who are the communities we will work with and what will the regional model look like and finally, we need to make sure there is equity in whatever we do. The residents of the City of Rutland cannot and will not bear the sole burden of providing the kind of facilities an area of this size should have. There is no doubt there is a real desire to have an indoor year-round aquatics facility, along with more adequate gym space, as well as numerous other amenities that go along with a true recreation center. In order to accomplish this task and goal, several communities must come together and embrace this dream. A special thanks must go to the committee

members who were instrumental in formulating the Master Plan. The committee members are: Rich Alberti, Linda Baker, Tom Calcagni, Paul Clifford, Joseph Duval, Cheryl Hooker, Dave Kinsman, Thaddeus Lorentz, Betty Mumford, Bill Murphy, Joan Olson, Dean Pierce, Chris Shaddock, John Stempek, Julie Teta, Jackie Vero, and our consultant Carolyn Crowley. Thank you each for taking so much of your time to help with this endeavor.

This past year we were blessed to hire a new Program Director in August of 1995 and Mechanic in April of 1995. Program Director, EJay Bishop has done an outstanding job his first year and I know he will continue to provide the very best for residents. EJay is a local native who has a real pulse of the community and intuitively has an excellent understanding of what needs to be accomplished. Mechanic, Bob Peterson has proven himself numerous times that in addition to being a great asset, he is a multi-talented, problem-solving master of all-trades kind-of-guy. Bob has already saved taxpayers thousands of dollars through his innovations and ability to keenly discern problems and remedy them with long term solutions. It is my sincere desire that both EJay and Bob are employed by the City for many years to come. Each day they work for the City, the City is a little bet-

ter off. We are thankful and grateful that these two gentlemen have honored us by working with us.

Within the Recreation and Parks Department, literally every staff person, full and part-time, must be thanked. Betty Mumford and Bill Reardon who are the back bone of this Department continue to perform above and beyond the call of duty. Additionally, Lou Illinski, Keith Litts, Steve "Duke" Canney, Lori Manning, Jeff Pratt, and Ed Griffiths are to be recognized and thanked. They are this Department. Without this crew, we would not be close to what we are. They all do a remarkable job. For that I will always be grateful!

We have occupied the Dana Recreation Center for one year and it has been a wonderful year. We have program space that is more functional and has allowed us to continue to provide a level of service that I hope the City residents are happy with. While in the interim this facility is serving the City well, we cannot become complacent with the idea that Dana is our permanent home. To do that, would be disservice to the community.

The most exciting thing that happened to the Department and for the residents of Rutland this past year was the incredible gift given to the City for improvements to Giorgetti Rink. The estate of John Giorgetti

RECREATION & PARKS DEPARTMENT STAFF

Front Row: Jeff Pratt, Elizabeth Mumford, Keith Litts, Bill Cornell, Steve Canney. Back Row: Lou Illinski, EJay Bishop, Leif Dahlin (Superintendent), Bob Peterson, Ed Griffiths. Missing: Bill Reardon (Foreman) and Lori Hickey

and Mrs. John Giorgetti collectively gave the City \$185,000.00 to make improvements at Giorgetti Rink. You will see a new ice resurfacers that will vastly improve skating conditions. There will also be new dasher boards, a storage facility, ice resurfacer room and a number of other facility improvements. We are truly grateful to the estate and Mrs. John Giorgetti for this inexplicably generous gift. Through this gift, the quality of life has been truly enhanced in Rutland.

The Rutland City Softball League was able to raise and commit the necessary funds to install new high-tech lights at Monsignor Connor Park this past May. The lights have proven to be a real asset to the program in a short period of time. My thanks goes to all members of the Rutland Adult Softball League.

We are here to serve you to the best of our ability. Know that our door is open to you to come in and share concerns, make suggestions or get involved. You are the Recreation and Parks Department. So to speak, you are the chairman of the Board and we are here to serve you to the best of our ability given the resources available to us. This does not mean

we can do everything you would like. There are limitations.

Volunteers are perhaps the single most important ingredient to the current and future success of your Department. Without volunteers, this Department could not survive! Thanks goes to all of our youth coaches and other volunteers in the baseball, soccer, basketball, football, swim team, Halloween parade, special events and every other special endeavor where a volunteer has been involved. Sponsors additionally make a program so much more successful. Fearful I might miss a sponsor, I dare not list every business and individual who had financially contributed to our programs and special events. Thank you each and every sponsor. Service clubs are the epitome of community spirit. Thank you each and every service club. I believe just about every club in Rutland has been involved with this Department. You truly make a difference in so many positive ways. What you ultimately do is make the quality of life in Rutland that much better for everyone who lives here.

FACILITIES

Dana Recreation Center

39 East Center St.

Phone 773-1822

Department Offices, Meeting Rooms, and Gymnasium.

Godnick Senior/Adult Center

Off Deer Street / Phone 773-1853

Meeting Rooms, Craft Room, Meal Site.

Parking Area: Shuffleboard Courts, Horse-shoe Pits, Gazebo & Picnic Area.

Giorgetti Park

Located off Oak Street Extension

2 Basketball Courts, 2 Paddleball Courts, 1 Baseball Field, 1 Softball Field, Nature Trails, and Ice Skating Rink.

Monsignor Connor Park

Meadow Street

2 Lighted Basketball Courts, 3 Lighted Tennis Courts, 1 Wading Pool, 2 Softball Fields and Playground Apparatus.

John W. Cioffredi Park

Located off Temple Street

2 Softball Fields.

White's Memorial Park

Off Avenue B

Swimming & Wading Pools, Playground Apparatus, 1 Ball Field, 5 Tennis Courts, 1 Platform Tennis Court and 2 Basketball Courts.

Rotary Park

Off North Street

4 Tennis Courts, Field House, Playground Equipment, 1 Basketball Court, Lighted Softball Field, 2 Handball Walls, and Light Race Track.

Adult Basketball League
Square Dancing held at Godnick Center
Boating Safety Course
ISIA Skating Lessons

Our "36th Halloween Parade" was held on Halloween night, Oct. 31!! The parade was led by "Queen" Teri Delong of Mill River Union High who was chosen from a bevy of local high school entries, and ended with this year's "Mrs. Jack O'Lantern" June Osowski, Children's Librarian. A Halloween party was held Sunday, Oct. 29 for grades K-4 at Dana.

"Santa Phone Calls" - Dec. 12 & 14

A direct line to the "North Pole" put through by our own Santa Operators.

SPRING AND SUMMER EVENTS

White Swimming Pool

Whites pool opened Friday, June 14 a little later than expected due to a broken drainage pipe. Lessons were offered in the following categories: Water babies; Aquatots; Pre-School I, II & III; Levels 1-7; competitive stroke techniques; Emergency Water Safety and Lifeguard Training. Four 2-week sessions of lessons were offered. The City Swim Team was under the direction of Dave Setchell. The team captured the So. Vt. League Championships, hosted at Whites Pool.

Mini Wading Pools

Whites and Meadow Street

Great Escape and Water Slide Tickets

Offered at a discount in conjunction with the Vermont Recreation and Parks Department!

YOUTH ACTIVITIES

FOR SPRING

Easter Egg Hunt	Pre-School-Grade 1
Boating Safety	Ages 10 & up
Playgroup	6 months-5 years
Babysitting	Ages 10-15

Board of School Commissioners

Dr. Michael R. Dick, President, Board of School Commissioners

David S. Wolk, Superintendent of Schools

To the Citizens of the City of Rutland:

It is a pleasure to provide this report to Rutland's citizens regarding the status of the city school system.

We begin the 1996-97 school year with unbridled enthusiasm for our mutual success over the next few years. Our theme is that of Great Expectations, as outlined below.

The school district reorganization of buildings has been completed in an effort to provide the most efficient and cost effective delivery of education. Northeast and Northwest Schools continue to serve approximately 300 students from Kindergarten through Second Grade. Our Intermediate School, located at the former Rutland High School site on Library Avenue, serves approximately 800 students Grades 3-6. Our middle school remains at Library Avenue, serving approximately 370 students in grades 7 and 8 and our enrollment continues to increase at the new Rutland High School campus on Stratton Road and Woodstock Avenue, where we currently have well over 900 students in attendance along with well over 200 students in a full time program at the Stafford Technical Center and over 500 adults in our Adult Education program, the largest in Vermont.

The number of tuition students from Rutland Town, Mendon, Chittenden and Middletown Springs continues to increase. When I came to Rutland High School in July of 1993 there were 153 tuition students. We now have approximately 220. New programs, including an increase in our Advanced Placement and Honors Courses at Rutland High School, have contributed to the increasing attractiveness of Rutland High School as the most popular school of choice for parents and students in the tuition-paying towns.

Our goal is to continue to work cooperatively with the municipal side of city government, pursuing every possible way to create cost savings and enhanced collaboration. We continue to lease the former Dana School to the city Recreation Department as part of a three year program, providing relief to that

department and to city taxpayers. We have developed a wonderful relationship with the department and its Superintendent, Mr. Leif Dahlin, keeping in mind that all of the schools are available for Recreation Department programs and services. Other communities would be envious of the cooperative partnership we have formed between our school and recreation departments.

Furthermore, we sought and received a Community Partnership Grant for the establishment of a new Youth Services Center and for training for school and municipal officials to assist at-risk youth and to provide increased recreational and cultural opportunities for area teens. The new Youth Services Center is located at the former Southeast School with late afternoon and early evening hours in a very well supervised environment. We also have developed the new S.U.C.C.E.S.S. Program which serves students who have had difficulties in their adaptation to a traditional school environment. This program combines academics, work and community service in a way that better meets the needs of these students, and also ensures that all of our schools maintain a safe, orderly, disciplined environment.

With the retirement of former Superintendent of Schools Richard Brothers, we have hired Assistant Superintendent Mary Moran, whose major focus is on improving curriculum, assessment and professional development. Moreover, she will be assisting us in our continuing efforts to secure private foundation support and federal and state grants to supplement our programs and services in Rutland City.

In the past year, we have brought in well over \$150,000.00 in support to the system that would not otherwise have been available had we not focused on grant acquisition. Our plan is to increase upon that figure for the benefit of city taxpayers in the future. Although our enrollment has increased significantly over the past few years, we have not hired addi-

tional administrators in the Rutland City School system.

What follows is an explanation of current practices and future directions for Rutland City Public Schools. We invite you to join us as we provide the most cost effective, quality education possible for Rutland City students and our large adult population.

GREAT EXPECTATIONS

We need to raise the bar

If the Rutland City Public Schools are to provide the best quality education at the most affordable cost, then we need to raise the bar. We must establish Great Expectations for learning and teaching, we must promote the highest possible performance standards for educators and others who contribute to the education and welfare of our children, and we must demand the highest possible performance standards for intellectual growth and behavioral expectations for our students.

There is an undeniable truism which has been eternally proven by a wealth of educational research, and more importantly by plain old common sense known to parents and teachers alike, and that is this: the behavior and achievement of young people rise to the level of expectations of adults. Great expectations lead to great achievements. You know this to be true with your own children, and it is also true for all of the approximately 3000 students in the Rutland City Public Schools who have been entrusted to our care.

Treating all children as if they are our own

Our promise to the Rutland community is one you can always depend on and one you should always remember: we will treat all of the children in the Rutland schools as if they were my own.

It is because of that pledge that we will work tirelessly to maintain a safe, orderly, disciplined environment in all of our schools, the only climate conducive to learning and teaching. We will not tolerate any disrespectful or disruptive behavior among our students, or for that matter among the parents of our students. Mutual respect for persons and property must characterize all of our interactions in and out of school. This must be the philosophy and the practice in the Rutland

City Public Schools. School employees who do not believe that will not work here.

Parents and their children will continue to be reminded that in the Rutland schools we treat each other with respect and dignity, but we will not tolerate the very small minority who do not display such acceptable standards of behavior and we will remove those individuals from our classrooms.

Beyond buildings

We have witnessed a masterful and successful reorganization of the public schools in Rutland over the past few years. We are proud of our new high school and the renovated intermediate school, knowing at the same time that we need to pay closer attention to the maintenance and renovation needs at the primary schools and at the middle school.

But since there is much more to a school than a building, our major focus over the next few years will be on what may be less visible but more important to taxpayers and to the community: developing a top-notch K-12 educational program of the highest quality that is second to none in the United States. Rutland's children deserve it.

We need to lend more credence to the high school diploma. Rutland High School boasts the highest graduation requirements in Vermont, not to mention the lowest dropout rate. But increasingly we hear from the business community and the public in this country that high school graduates are not adequately prepared for the work force and that some graduates lack the basic skills for even entry level positions.

Our CAP initiative is focused on making that diploma more meaningful. Over the next two years, as part of a larger, district-wide effort, various committees will continue their work on developing graduation standards in each learning area, essentially answering this question: what do our graduates need to know and be able to do to be successful as they enter college, careers or the military?

These standards, another aspect of our community's effort to "raise the bar," are being developed in a format which provides for the allocation of skill acquisition to meet the standards. Exit criteria are being developed at grades 3 and 7 to help students reach the standards and to correlate with our K-3, 4-7

and 8-12 segments designed to bridge our buildings and enhance communication and coordination among them.

Moreover, we need to recognize that all students deserve special education. This includes those students whose academic ability and motivation merit special challenges from the schools. We have an honors and Advanced Placement program at Rutland High which is one of the most challenging in Vermont, but we also need to continue to focus our efforts on those students in Kindergarten through eighth grade who deserve attention to their special academic needs.

This is not easy work. If so, it would have been accomplished already, here or elsewhere. Instead, we have our eyes on the prize, developing an academic program with a K-12 interdisciplinary sequence, matching this new curriculum articulation with a credible assessment program that really measures results, and providing a professional development component that assists educators as we make these changes.

We are surrogate parents

The work of schools and educators has changed dramatically over the past few years. Our culture is radically different from that which informed schooling when we were kids. The impact of the media, with openly accessible late afternoon or early evening television shows which would have been rated for adult viewers only if they were shown in theaters, has been overwhelming in forcing young people to grow up before they are really ready. Furthermore, traditional safe havens for children (supportive homes, extended families, caring neighborhoods, among others) are no longer as available to many needy children.

Schools and educators have been asked to fill this void and consequently have become "surrogate parents" for a growing number of youngsters whose parents either do not care or are not there.

We have accepted this responsibility, well beyond the traditional academic mission of schools, by offering a myriad of enhanced opportunities for young people (new breakfast and lunch programs, preschool options, alternative educational programs, increased after school activities, expanded counseling and health services) and by continuing to

work with the community to develop positive partnerships with other organizations to meet the changing needs of kids in the 1990s.

The new SUCCESS program, the new Youth Services Center and improvements in our delivery of health and counseling services are testimony to this expanded mission. We also plan to expand after school opportunities for all students at all grade levels, broadening our partnerships with city recreation, arts and library programs and expanding our technological partnerships with Vermont Interactive Television, Rutland Regional Community Television, Hyperion and others. Furthermore, expanded mentoring connections between our older and younger students, facilitated by the Youth Services Center, will also help to fill the void.

We need to expand our non-athletic and intramural opportunities in order to guarantee that all students have access to activities outside the classroom. Furthermore, we need to fully develop our community service program so that all graduates of Rutland High School will have performed some form of service project for the community that supports their schools.

Organizing Ourselves to Reach our Great Expectations

How can we pull together and organize all of our initiatives, and how will we know that we are successful?

The school improvement process and Standards for Accreditation of the New England Association of Schools and Colleges (NEASC) have proven successful for years as a way for individual secondary schools to conduct a comprehensive evaluation for the purpose of institutional accreditation. Our high school and middle school are currently accredited and come up for the ten year re-accreditation review process in the Spring of 1998. Several years ago the NEASC established a new Commission on Public Elementary Schools which mirrors the standards and process utilized by the secondary school commission to evaluate and accredit 7-12 schools.

Since we are pursuing K-12 school improvements we would like to initiate the evaluation/accreditation process for our three elementary schools as well. We have met with the Director of the Commission on Public

Elementary Schools and we plan to embark upon this school improvement process beginning this fall. All of our schools will be scheduled to complete substantial self-studies in preparation for visiting team reviews in the Spring of 1998, after which there is a continuing need for follow-up to the team's recommendations. This is a cost-effective way to better organize our progress and to pursue a different level of quality control.

No other Vermont elementary school is currently accredited, although over 200 New England elementary schools are accredited. It takes a lot of work to conduct a thorough and comprehensive self-study, but by scheduling a common timeline for all of our schools we can consolidate our efforts.

There are 48 Standards for Accreditation in nine categories (philosophy; school and community; curriculum and instruction; student support programs; monitoring and assessment of student progress; library/learning media; faculty staff and administration;

school climate; and facilities and related services) against which we will be measured. These include the important elements of schooling which will offer the schools and Rutland a clear and comprehensive school improvement model, with short-range and long-term goals.

The pursuit of school accreditation for all five of our schools will help us to raise the bar to meet our Great Expectations for success, providing the highest quality education for Rutland's young people as well as the enhanced level of accountability the taxpayers and community deserve.

We believe that some form of school choice is not only desirable but inevitable as we prepare our students and schools for the 21st century. When school choice becomes a reality, let us ensure that all of Rutland's schools continue to be the schools of choice. We look forward to working with you, the staff and the students in the Rutland schools as we provide the best possible education for our community.

BOARD OF SCHOOL COMMISSIONERS

RUTLAND SCHOOL DEPARTMENT

In accordance with Rutland City Board of Education Policies, a free appropriate public education for all handicapped children is guaranteed. If your child is handicapped, or you know of a handicapped school-age child who is not currently being served, please contact the Support Services Office at 773-1917.

Marble Valley Regional Transit District, "The Bus"

Lawrence A. Dreier, Administrator

Samuel J. Gorruso, City Representative

Marble Valley Regional Transit Center (MVRTD), generally known as "The Bus" is entering into its 21st year of service to the residents of the greater Rutland area. MVRTD is the largest non-urban public transportation system in the State of Vermont and as such provides transportation to the general public throughout Rutland County, as well as to Social and Human Service Agencies, schools and area businesses. MVRTD provides an enhanced level of self-sufficiency for the elderly, disabled, and transportation disadvantaged who rely on public transportation. MVRTD also serves a growing population who is committed to the environmental benefits of public transit use. MVRTD has become a valued asset to the communities it serves. System ridership, more than 600,000 rides annually, continues to rise substantially. Since the initiation of "fare free" in Rutland City, fixed route ridership has increased over 200%. MVRTD's fleet of 30 vehicles are all lift equipped and fully accessible.

Through its operation of the Rutland County portion of the Vermont Rideshare program, MVRTD has "saved" over 215,000 vehicle miles during the last 12 months by providing car pool options. Of the over 12,000 car pool trips arranged this year 70% brought

commuters into the City of Rutland to work.

MVRTD's transportation service to eligible Medicaid and Reach-Up residents continues to provide approximately 30,000 rides this year, maintaining MVRTD's status as the second largest Medicaid transportation provider in the State of Vermont.

Complementary paratransit services are available for those individuals whose disability prevents the use of fixed route service.

The Multi-Modal Transit Center is proceeding toward becoming a reality which will be an important factor in the economic well being of the City of Rutland. The Multi-Modal Transit Center will provide a transit hub for the City of Rutland and Rutland County. It will also contribute much needed parking for the new State Office Building, other planned projects and the general public with the creation of approximately six hundred new parking spaces.

In times of uncertain and expensive energy supplies, environmental issues, traffic congestion, and high costs of road construction, public transit is becoming increasingly more important. We appreciate the financial and moral support of the elected officials and taxpayers of the municipalities that guarantee Marble Valley Regional Transit District's continued success.

Rutland Free Library Association, Inc.

Paula J. Baker, Director

To the Honorable Board of Aldermen, Mayor and Citizens of Rutland:

Learning is a life-long journey. The Rutland Free Library is committed to providing a diversity of resources and services to assist people of all ages on that journey.

—Mission Statement

With the adoption of the current long-range plan this year, the library re-affirmed its commitment to providing a wide range of choices for individuals who turn to the library. A look at our activities, statistics and projects provides a good indication that the library is making not only the effort but real progress in several arenas.

Believing that computer literacy remains an important aspect of all future literacy work and also desiring to capitalize on the extraordinary information retrieval possible through computers, we installed two computer workstations and twin CD-rom towers. Made possible through the generosity of the Friends of the Library, this gift provides children and adults an opportunity to get comfortable with this technology and an additional way to extract more information from library resources. The next step will be connections with Vermont libraries and the internet at public terminals.

Cooperative efforts and partnerships with a number of agencies have fostered a number of new initiatives for public benefit. As a charter participant in the Success by Six Committee, a large countywide collaborative working for children and their families, we have offered special programs for new parents and special packets for newborns. Our staff sit on the Healthlinks Committee, another cooperative project with the goal of providing medical information on a locally accessed data-base. The entire Children's Performing Arts Series has been sustained through joint presentation with Rutland City's Recreation Department. We are actively involved as planning members on the Rutland County Telecommunications Committee to see that access to the

internet and computers is available to all citizens regardless of income or status. A joint agreement with Rutland High School will make internet available to all members of the public at the public library, at the high school library, and to all students, teachers and administrators.

Recognizing that information comes in a variety of packages and formats the library provides a wide range of programs for adults and children, from poetry workshops to reading discussion groups, from story hours to puppet shows, from cultural arts performances to lectures and demonstrations. In addition, the library provides space for dozens of groups to meet and discuss their own issues: childcare providers, an internet society, groups like the Audubon Society and the Rutland County Humane Society, Crossroads and AA. Statewide groups gather here as well.

While statistics never tell the whole story, they do give an outline. Over 101,300 people used the library in the past six months; library card holders increased by 11%; the Fox Room was used 194 times for library programs and 224 times by clubs and organizations in the past 12 months. Attendance records for library programs increased by 25%. The number of books circulated was 189,116, averaging over 3600 a week.

The library is a private non-profit corporation supported in large part by taxes from the communities of Rutland City, Rutland Town, Mendon, Ira and Tinmouth. Trustees from these communities represent the concerns of the supporting towns. Daily operations are maintained by a hard-working staff, who have served an average of 10.3 years at the library and by just under 20 volunteers who contributed 2,226 hours of service last year. All of these efforts are further supported by and extended with the help of the Friends of the Rutland Free Library.

Rutland Area Visiting Nurse Association & Hospice

Ronald J. Cioffi, Executive Director
Gerard Carbine, President,
Board of Directors

To the Honorable Mayor, Board of Aldermen and Citizens of Rutland City:

On behalf of the Board of Directors and staff of the Rutland Area Visiting Nurse Association & Hospice, we would like to thank you for your continued support of RAVNAH. We are deeply appreciative of your generosity and your commitment to our nonprofit mission of providing quality home health and hospice services, as well as community health promotion programs.

The event that tops our list of highlights for the past year is our merger with Rutland Area Hospice to form one, unified, comprehensive hospice program for the Rutland community. After working in partnership for several years, the volunteer Rutland Area Hospice merged with RAVNA so that both clinical and support services could be combined into one program. This merger led to our name change to Rutland Area Visiting Nurse Association & Hospice.

We are also very pleased to report that for the fifth consecutive year, we received no deficiencies in our Medicare home survey. We were also able to maintain one of the lowest home care costs in Vermont and in the nation.

We created a joint venture with Rutland Regional Medical Center to continue the provision of essential pediatric rehabilitation services, now known as "Kids on the Move." We also worked with other community agencies to develop a Maternal Child Health program to provide support to new and expectant mothers and babies.

We led efforts to open

the Diamond Run Mall to walkers and have been offering monthly health clinics there to encourage healthy lifestyle changes. We teamed up with RRMC to "Pnockout Pneumonia" through both home-based immunizations and a hospital-based clinic. We actively supported and participated in the Community Health Assessment to better understand and serve the needs of our neighbors.

And, perhaps most significantly, we reached our agency's 50th anniversary. With the passing of such a significant milestone, we pause to reflect on RAVNAH's history to celebrate the "threads of success" that have guided us throughout the past half-century. These "threads of success" are:

- RAVNAH's many caring and dedicated employees who are available 24 hours a day, seven days a week, 365 days a year.
- Our Mission, which was established 50 years ago, to provide medically necessary home and community health services for all, regardless of ability to pay or geographic location.
- The tremendous community support that provides the essential financial contributions and volunteer hours that enable us to provide needed care.

- The volunteers themselves who dedicated their time and talents to serving on our committees and Board of Directors and helping with a variety of projects.

As we face even greater challenges in the future, our "threads of success" will guide us and help us turn those challenges into opportunities. We have the opportunity to reduce health care costs by providing the most care in the most appropriate setting. We have the opportunity to ensure quality care while controlling costs. We have the opportunity to create a seamless delivery system by working closely with other service providers.

In Rutland City, our "threads of success" enabled RAVNAH to serve more than 800 people through 66,666 home care visits in 1995-96. In addition, our community pro-

grams touched the lives of thousands more city residents through screening clinics, childbirth classes, immunizations and health promotion programs. Staying true to our mission, RAVNAH provided more than \$73,000 in free and subsidized care to Rutland City residents during calendar year 1995.

We are very grateful for the city and town allocations, United Way funding, Foundation grants and individual and corporate donations which have enabled us to continue offering medically necessary services and community programs to all Rutland City residents, regardless of individual ability to pay or geographic location.

Together, we are helping people stay at home, where they want to be, despite illness or disability. We are also keeping people healthy and independent. We thank you, the Rutland City community, for helping to make this possible.

Rutland Redevelopment Authority

Matthew T. Sternberg, Executive Director

To the Honorable Citizens of the City of Rutland:

Rutland Redevelopment Authority is pleased to present this report on activities during the 1995-1996 fiscal year.

The year just ended was the first full year in which responsibilities of the community development office were assigned to the Redevelopment Authority. The objective was to consolidate administrative functions and improve communications between staff and Aldermanic committees. We are pleased to report that the effort achieved significant success on both counts.

The principal administrative duty shifted to the Authority was administration of grants from the Vermont Community Development Program (VCDP), HUD and the Vermont Agency of Transportation. Files were updated, financial records reviewed and agency reporting brought up to date.

A new VCDP grant was secured to study the feasibility of creating artist housing in vacant upper floors downtown. Done in conjunction with Rutland Partnership and the Chaffee Center for the Visual Arts, the study could point toward a new way to enhance property values in the central business district.

Ongoing grants include a housing improvement program with Rutland West Neighborhood Housing Service, a transportation grant for construction of a bike path in the southwest part of the city, another to place bike racks downtown, and a HUD grant for improvements to Depot Park and construction on the Spruce Street extension.

On the redevelopment front, Rutland received word that Wal-Mart will take over the former Kmart space in the Rutland Shopping Plaza. The announcement was a milestone for the growth of downtown; it will trigger completion of the plaza renovation and bring the

nation's strongest retailer into the heart of our business district. This puts the City in a strong competitive position. Fears that downtown will be hurt by Diamond Run Mall and other outside retailers have been largely allayed. Downtown has a level of customer activity and liveliness not seen in decades. It is a testament to the strong will of the community and good planning on the part of the businesses.

This year word came that Amtrak will come to Rutland. Only a year ago, passenger rail service seemed a distant dream. Now it is becoming a reality, adding a new dimension to Rutland's strength as a regional hub.

As the year ended, construction was set to begin on the renovation to Depot Park. The new facility will provide a permanent home for the Farmers Market and enhance special events, such as the Ethnic Festival.

For the sights are set on renovation of the Paramount Theater, which may well prove to be the jewel in the crown of the new Rutland. Combining the capacity for live entertainment with the draw of Movieplex 9, downtown will truly be the entertainment mecca of central Vermont. Extension of the business day into the evening will add even more strength to gains already achieved in retailing.

Next year will see construction of an Amtrak station and improved pedestrian access to the southwest neighborhood. Storm sewers will be improved. The city's entire traffic light system is scheduled to be improved, a project that will ease congestion, particularly on Main Street and Woodstock Avenue.

In summary, it was a good year for downtown Rutland, with the promise of even better times to come.

Rutland Partnership

Harry Weinhausen, President

Richard J. Courcelle, Manager

To the Honorable Mayor, Board of Aldermen, and Citizens of Rutland City:

It is with pleasure that we submit a report on the activities of Rutland Partnership.

By the end of 1995, more than one-half million square feet of retail space opened in the Rutland area. During that time, the revitalization of Downtown Rutland continued at a robust pace. The 1995-96 period saw new and exciting businesses open in Downtown Rutland, and the community responded enthusiastically to the positive changes taking hold in their downtown.

With a strong foundation in market research, Rutland Partnership began to promote specialized "niche" markets in Downtown. The Wedding Center marketing program brought all the Downtown businesses that cater to weddings together for a collective marketing effort. Assisted by a group of dedicated volunteers from Downtown businesses, Rutland Partnership published a colorful Downtown wedding planner and guide, hosted the region's premier bridal show, and developed advertising programs that resulted in increased business for participants. The Wedding Center niche, along with the development of other specialized marketing programs, has brought Downtown Rutland recognition in industry publications such as Downtown Promotion Reporter and Downtown Idea Exchange.

It was a busy time for other Partnership marketing programs as well. During the past year Rutland Partnership managed five successful retail promotions. The organization added new special events, including Folk Alley Thursdays which featured national folk recording artists and was attended by more than one thousand people. Attendance at the summer lunchtime concert series more than doubled from the previous year. A new get-together series for Downtown businesses was launched, which provided an opportunity for downtown business people to discuss issues of common interest. New advertising programs were also created for the regional tourist market, including programs to bring winter and summer visitors to Downtown.

In the Business Development area, Rutland Partnership assisted Rutland Redevelopment Authority in the artist live/work study by plan-

ning the marketing research component of the project. Work began on a resource guide to help new businesses with the ins and outs of regulations and available resources. Rutland Partnership commissioned a market research study which led to the application by Marble Valley Transit of a grant to operate a shuttle between Killington and Rutland from Thanksgiving to Easter to bring skiers Downtown. And Rutland Partnership published a comprehensive informational package for prospective businesses.

In the area of streetscape improvements, the Partnership increased its maintenance program for a cleaner Downtown. Along with a grant from the Rutland City Rotary Club, the Partnership hired a landscape planner to design the new Depot Park. New "Welcome to Downtown" gateway signs were installed at Strongs Avenue and West Street. The highway signs on Routes 4 and 7 were changed from "Business District" to "Downtown Rutland." New benches and trash receptacles were purchased. With help from the Rutland Garden Club, colorful annuals were planted throughout Downtown. A tree maintenance program was implemented and a flower box program was introduced for businesses and building owners.

Toward the end of the 1995-96 period, news of Wal-Mart's opening and the arrival of Amtrak service from New York City provided even more proof that Downtown Rutland had turned a significant economic corner. Rutland Partnership looks toward the coming year as a period of continued growth and vitality in the central business district, and it is positioned to capitalize on the enormous potential in the coming year.

The strength of Rutland Partnership lies in its committees and outreach work. More than 35 volunteers are active in the areas of Marketing and Promotions, Streetscape Improvements, Business Development, Community Relations and Parking. Another dozen or so work on specialized task forces created for specific Downtown programs.

Rutland Partnership approaches the coming year with confidence and optimism. The facts speak for themselves. Downtown Rutland is "On the right track."

Regional Ambulance Service, Inc.

Paul Kulig, President, Board of Directors

Samuel J. Gorruso, City of Rutland Representative

To the Honorable Citizens of the City of Rutland:

We are pleased to present our annual report to the Citizens of the City of Rutland. Regional Ambulance Service, Inc. has continually provided emergency and non-emergency ambulance service for thirteen years. From 1983 to the end of this year Regional has responded to 48,478 ambulance calls. This past year, ending June 30, 1996, the service responded to a total of 5,197 ambulance calls in our 12 communities and an additional 1,376 paramedic intercept calls.

With the continued support of the citizens, our employees, and community governing bodies, we have level funded and even lowered our assessment rate over the past 12 years. Our current assessment rate is \$6 per capita. We extend our appreciation to everyone for their continued support.

A new ambulance was put into service to replace an older ambulance with over 100,000 miles of service on it. The replacement of vehicles and equipment is an ongoing schedule.

Training is always very important to keep our employees up to date in their skills. Ten of our Paramedics completed training to become Critical Care Paramedics. This new nationally known training was specifically given to enhance our Paramedic's abilities to treat Critical Patients that are being transferred from R.R.M.C. to other facilities for specialized treatment. The course was very demanding and highly specialized. The Critical Care Paramedic Course was the eighth in the nation and our certified personnel are 10 of 181 in the nation. We extend our appreciation to the Registered Nurses of the Intensive Care Unit of Rutland Regional Medical Center for their participation in this course.

Monthly C.P.R. classes are taught at Regional Ambulance. Last year the R.A.S. training Center trained 540 people. Tours, lectures,

demonstrations, and C.P.R. classes are available for the general public. For further information call 773-1746.

Our professional staff is extremely capable and dedicated. The public is encouraged to visit and talk to the employees and Administrator at our Stratton Road facility. Please feel free to contact James Finger, Administrator, or your Representative if you have any questions concerning the service.

This report is dedicated to the loving memory of Robert Johnston, Jr. for his commitment and service to the communities we serve. Bob was committed to his community as the Town of Ira Fire Chief and Regional Ambulance Board Member from 1985 to 1995. His leadership and dedication was recognized by all.

We are proud of our accomplishments and look forward to serving you in the future. The Board of Directors and Administration of Regional Ambulance Service, Inc. will continue striving to provide the highest quality of emergency care at the lowest possible cost to all of the citizens we serve.

Cemetery Commissioner's Report

Eleanor J. Elwert, Chairman

To the Honorable Board of Aldermen, and Citizens of the City of Rutland:

An unusually wet spring and early summer affected not only farmers who couldn't get the haying done but made it more difficult to keep the city's cemeteries mowed. The first contract for grass cutting was not fulfilled so the contract was awarded to Otter Valley Landscaping at \$90 per mowing to occur twice in May and September and three times in June, July and August.

The city owns the West St. cemetery west of Pine St. near the R.R. crossing and the North Main St. cemetery north of North St. on the west side of North Main St.

The undersigned commissioner took pictures of both cemeteries early in the summer and at the end of September for purposes of comparison. Vermont Statutes, Title 18, Chapter 121, sections 5301-5579 contains the laws relating to cemeteries, both public and

private. If a public burial ground becomes unsightly or monuments become displaced or out of repair the cemetery commission shall see that it is taken care of by allotting funds for the purpose.

One of the simpler tasks would be to assign someone from Public Works Dept. or a willing volunteer to pick up the trash that accumulates at the bottom of the chain link fence on West St.

There are many broken memorial stones which should be repaired thus making mowing easier but also preserving the history of our earliest settlers. An effort should be made before the end of the 20th Century to see that this task is accomplished.

Our thanks to the City Treasurer, Ron Graves and to the personnel in the Public Works Department for their courtesies.

Rutland Historical Society

Donald E. Bordeau, President

To the Honorable Citizens of the City of Rutland:

For the past year, the Society has been working diligently to arrange its collections, maintain its building and increase membership. However, the most important role is providing information to the community through programming, quarterlies and exhibits.

The Civil War Series, co-sponsored by the Rutland Free Library, was especially popular. An appearance by Hildene's Abraham and Mary Todd Lincoln in period costume, was a timely surprise! A Civil War exhibit at the Society building coincided with these programs. Special thanks are extended to Dennis Charles for artifacts and expertise in arranging this exhibit.

Other programs included the Blizzard of '88, The Formation of The Towns Of West Rutland And Proctor and The Search For Arnold's Fleet After The Battle Of Valcour Island.

During the past year there have been three exhibits open to the public at the Society building. They were organized around the following themes: Victorian Rutland, Civil War Exhibit and the Formation Of Proctor And West Rutland 1886.

The Society's quarterly has had a banner year, beginning with the publication of Hospital Care In Rutland, The First Century. The Rutland Regional Medical Center sponsored the printing of a double-sized issue of 5,000 copies of the History of The Rutland Hospital. Best wishes to RRMHC in its Centennial Year! The latest issue, Growing Up In West Rutland, A Jewish Heritage, sold out soon after publication.

The Society's stained-glass windows from the Grand Army of the Republic's Memorial Hall, formerly located at the site of the present

Federal Building/Post Office on West Street, were in need of repair. Private contributions in memory of Civil War soldiers and a sizeable anonymous donation nearly covered the cost of restoration.

In May, a broken water main caused flooding to the Society's basement. However, quick action by Building Chairman, Morris Tucker and City workers, averted a major disaster. Although the damage was minimal, the cleanup operation took several days.

Mrs. Reni Harer of Oyster Bay, Long Island, presented to the Society a Nichols Goddard tall clock, made in Rutland between 1805 and 1823. Her wish to have the clock return home was most gratefully accepted!

In addition to those named above, the Society expresses its appreciation to the following: Cale Shipman for selling Society publications at this establishment, Marcia's Hallmark, Lloyd Davis for his gift of ten metal cabinets and the First Vermont Republic Brass who presided over the Society's float in the Loyalty Day Parade.

Membership has risen to over 500. If you wish to become a member, the dues are as follows: Regular - \$10.00, Contributing - \$20.00, Sponsoring - \$50.00, Students and Seniors - \$8.00, Lifetime - \$200.00 and Memorial Gift - \$200.00.

All visitors are welcome at the Rutland Historical Society Building at 96 Center Street on Monday evenings from 6:00-9:00 and Saturday afternoons from 1:00-4:00. Special Accommodations can be made for groups wishing to view the exhibits.

We will look forward to seeing you!

Council on Aging, RSVP, One to One, Interage, and Foster Grandparents

To the Citizens of Rutland:

SOUTHWESTERN VERMONT COUNCIL ON AGING

The Southwestern Vermont Council on Aging, located in Building 14 at the Howe Center, is the private, non-profit community organization whose mission is to be a community force in making our region a good place to live and grow old. During the past year, 302 city residents were served by our advocate program, 36,634 meals were delivered to homebound elders and 7891 meals were provided to participants dining at one of our 2 luncheon sites in Rutland City located at the Bardwell House, and the Godnick Center on Deer Street.

Here is a brief description of some of the ways the Council on Aging serves elders residing in Rutland:

Advocate Program

Senior Advocates are available to provide personalized help to elders in need of program information, service coordination, application assistance or linkage with other service providers.

Meals on Wheels

Meals are delivered to homebound older persons who need this service to help them continue living independently.

Community Luncheons

Nutritious meals are served around the noon hour in a group setting at 2 locations in Rutland.

Information and Assistance

The I&R service provides easy phone access to elders in need of information about services and programs.

Volunteers for Health Insurance

Benefits Program (VIP)

Volunteers are trained to help elders with health insurance paperwork, claim forms, and medigap policy comparison.

Peer Support

Seniors experiencing emotional stresses are offered support by volunteers who have been trained in listening and communication skills.

Contracted Services

These include the Senior Law Project Attorney for Elders, the One 2 One Program for essential transportation and homemaker assistance through the Rutland Area Visiting Nurses.

Volunteer Opportunities

Driving for Meals on Wheels, helping at luncheon sites, being a VIP Volunteer, or a Peer Support Volunteer are some of the community service opportunities we offer.

Our services are available to all elders, 60 years of age and older, regardless of income. Although no fees are charged, donations from participants are encouraged.

One call to the Council on Aging at 786-5991 can connect you with any of our services or other community services by referral.

RETIRED AND SENIOR VOLUNTEER PROGRAM

The Retired and Senior Volunteer Program (RSVP), the largest program of coordinated volunteer services in this area, is a nationwide program designed for people 55 and older who want to help meet community needs through meaningful use of their skills and knowledge in volunteer service to non-profit organizations. RSVP believes that each person has something to offer to his/her community. In Rutland, currently over 462 RSVP volunteers serve as library aides, tutors, receptionists, musicians, hospital workers, guardians-ad-litem, hospice workers, Red Cross volunteers. They also volunteer in schools, courts, nursing homes and at 80 non-profit organizations, based upon their individual preferences and the needs of organizations.

RSVP volunteers serve without compensation and can be reimbursed for mileage if it would be necessary in order for them to volunteer. In addition, all RSVP volunteers are covered by free, supplemental insurance while volunteering.

In 1995, RSVP volunteers, half of whom live in Rutland City, donated over 68,000 hours of

in Rutland City, donated over 68,000 hours of service to our community. The cost benefit to our community in terms of services provided equals over \$320,000.

As agencies are faced with budget cuts, volunteer services are needed more and more. In order to respond to this increased need, RSVP is moving to expand its services to volunteers of all ages. Several innovative programs that began as RSVP projects have been revised to include persons under the age of 55 as well as RSVP volunteers. They are available for presentations to interested persons, groups or schools.

"SAVE" Senior Artists Volunteer In Education—a joint venture between Chaffee Center for the Visual Arts, RSVP and local schools was designed to increase and supplement arts education and appreciation for students in grades 4-12.

"BITKITS" Business, Industry & Technology Kits—a partnership with area businesses to acquaint students (grades 5-12) with local businesses so as to familiarize them with the skills and education needed for future employment.

"Seniors & Youth" Generations Growing Together—promotes self-esteem and good, healthy living habits to preschool and elementary school children.

"Senior Sense"—alcohol and drug abuse awareness presentations targeted to junior high, high school students, and senior citizens.

We thank the voters of the City of Rutland for your support in helping RSVP continue to provide its services. We invite you to contact us at 775-8220 if you would like to know more about our program. Our office is located at 39 East Center Street.

INTERAGE

Adult Day centers are the fastest-growing component of community based long term care. As the elderly population in our community increases, the option of adult day services becomes more appealing. InterAge - Rutland Adult Day Program provides respite services to families and other caregivers of frail and/or handicapped adults, while offering a variety of daytime activities to program participants. InterAge offers a caring and stimulating environment, promotes integra-

tion within the community and aids in reducing or avoiding isolation.

During the past year, InterAge has provided services to thirty-two individuals in Rutland County.

Thanks to the City of Rutland and our local United Way, InterAge continues to offer quality services to its participants.

InterAge is located at 78 S. Main St., Rutland and is open Monday through Friday, 9 am until 2 pm. If you would like additional information, call 747-3587.

InterAge is a division of Rutland Community Programs, Inc.

ONE TO ONE

The One to One Program serves the elder population of Rutland County. A group of dedicated volunteers provide essential transportation, telephone reassurance and friendly home visiting, allowing individuals the opportunity to remain independent in their own homes. During the past year over 6,000 telephone contacts were made, 400 visits and 3,000 trips were provided.

One to One is located at 78 South Main St., Rutland. Office hours are Monday through Friday, 9 am until 12:30. For more information call, 775-8219 or 775-4318.

One to One is a division of Rutland Area Community Services, Inc.

GREEN MOUNTAIN FOSTER GRANDPARENT PROGRAM

Foster Grandparents are low-income individuals age 60 and over who provide one to one assistance to children with special and exceptional needs. They serve children with disabilities, those who are abused or neglected, and teen parents and their children. Foster Grandparents volunteer twenty hours each week at a variety of sites. These sites include schools, day care centers, correctional institutions include schools, day care centers, correctional institutions and hospitals. During the past year the Green Mountain Foster Grandparent Program utilized 70 volunteers, providing 68,000 hours of service to approximately 700 children.

The Foster Grandparent Program is a division of Rutland Community Programs, Inc.

List of Unpaid Taxes as of June 30, 1996

The list of unpaid taxes is as it appears on the records of the City of Rutland as of June 30, 1996 pursuant to 1 V.S.A. Chapter 5 Subchapter 3.

Persons listed are the owner(s) of records as of April 1 of the year preceding the tax year shown. Subsequent to the date are taxes that are delinquent. The City realizes that transfers may have occurred subsequent to April 1 and that taxes became due and delinquent and such listed individuals may not be responsible for the amounts indicated.

Amounts shown are taxes only exclusive of interest and penalties.

Legend: P = Payments being made; * = Paid after June 30, 1996.
